ABOUT ME

Enthusiastic MERN stack developer with one year of hands-on experience in designing and developing dynamic web applications. Proficient in MongoDB, Express.js, React, and Node.js, with a strong foundation in JavaScript and a keen eye for detail. Always eager to learn and improve my craft.

EDUCATION

B.Tech in Computer Science and Engineering
IPS COLLEGE OF TECHNOLOGY AND MANAGEMENT,GWALIOR

📅 2020 - 2024   **8.74 CGPA**

Intermediate(12th)
Senior secondary from MP board JC Mills Higher secondary School, Gwalior

📅 2019 - 2020   **78 %**

Matriculation(10th)
Senior secondary from MP board Dr.R.K. secondary School, Gwalior

📅 2017 - 2018   **87 %**

TOOLS

- **Vistual studio**
- **Postman**
- **Github**

Technical Skills

- **C**
- **C++**
- **OOPS**
- **HTML5**
- **CSS3, BOOTRAP, TAILWIND**

- **JAVASCRIPT, ES6**
- **REACTJS**
- **MongoDB, MYSQL**
- **NodeJS**
- **Express**

Soft Skills

- **Strong Communication**
- **Leadership**
- **Critical thinking**
- **Teamwork**
- **Creativity**

KEY ACCOMPLISHMENTS / CERTIFICATE

- C (certificate)
- C++ (certificate)
- MERN Stack Internship Completion (certificate) from LEARN AND BUILD
- MERN Stack Internship Completion (certificate) from TECHNOEDUTECH

EXPERIENCES

SODE(Distance Education School) || MERN Stack Development
July 2024 - Present

My internship experience not only solidified my technical skills but also honed my ability to work effectively in a team environment, and adapt to changing project.
Key responsibilities:

- Ensured cross-browser compatibility and optimized performance for seamless user experience across different devices.
- Collaborated with the design team to implement responsive and visually appealing user interfaces using HTML, CSS, and JavaScript.

LEARN AND BUILD || MERN Stack Development
May 2023 - July 2023

This internship solidified my passion for full-stack development and equipped me with the skills to tackle real-world projects effectively.
Key responsibilities:

- Implemented responsive user interfaces and optimized application performance.
- Collaborated with the development team to design RESTful APIs and integrate them with front-end components.
- Conducted unit testing and debugging to ensure high-quality code

TECHNOEDUTECH || MERN Stack Development
July 2023-August 2023

During my internship as a MERN Stack Developer,cultivated essential soft skills that are crucial for success in dynamic work environments. I effectively collaborated with cross-functional teams,
Key responsibilities:

- Assisted in the development of scalable web applications using the MERN stack, contributing to both front-end and back-end functionalities.
- Collaborated with UX/UI designers to translate wireframes and mockups into interactive user interfaces using React.

PROJECTS

Gemini Clone

- Developed Gemini clone, showcasing proficiency in web development, UX/UI design, and collaborative teamwork. Demonstrated ability to replicate key features of the Gemini protocol while implementing innovative enhancements.

  Project Link :   **https://neha-gemini-clone.netlify.app**

YouTube Clone

- Developed a responsive YouTube clone using HTML5, CSS3, JavaScript, and React.js, offering core functionalities for an interactive video-streaming experience. The app features a functional sidebar for easy navigation across genres, a video player with seamless playback, and a fully responsive design

  Project Link :   **https://neha-youtube-clone.netlify.app**

WEATHER APP

- A responsive web application providing real-time weather information tailored to user-selected cities or countries. The app features dynamic weather icons that reflect current conditions , temperature readings in Celsius, and essential metrics like wind speed and humidity.It is also provides user-friendly interface
